SITUATION SUMMARY

Bully Incident, Vegetation Fire, Shasta County (Update)

Old Bully Choop Road, Community of Igo, Shasta County

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of 07/18/14 at 0551 hours:

- SRA
- 11,700 acres, 51% contained
- Resident re-population is complete in the Sunny Hill Road community.
- Structures Threatened: 55 single residences, 13 other minor structures
- Structures Damaged: 1 single residence
- Structures Destroyed: 8 single residences, 10 other minor structures
- [See Fire Activity Section for detailed information.](#)

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Significant Weather

- A Flash Flood Watch is in effect through Saturday evening for Alpine, El Dorado, Mono, Nevada, Placer Counties.

SITUATION SUMMARY

Malaysian Airlines Crash - Ukraine

Malaysian airlines flight from Amsterdam to Kuala Lumpur crashed in the Donetsk, Ukraine. Total passenger count is 298 to include crew. Unknown if US passengers were onboard.

Highlights:

- 283 (+3) passengers
- 15 crew members
- Senior U.S. Official is confirming that the plane was shot down by a surface to air missile.
- The National Operation Center (NOC) is coordinating with Transportation Security Administration (TSA), and Department of State (DOS) to determine if any U.S. Citizens were aboard the flight.

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

A weak trough over the Pacific Northwest combined with some instability over northwest California will bring a slight chance of thunderstorms to parts of the interior each afternoon and evening through Monday. Stratus and fog will continue to impact the coast each night and morning with some clearing in the afternoons.

San Francisco Weather:

Seasonal temperatures and weather conditions will continue through Saturday. Mid-level moisture is set to increase again toward the end of the weekend increasing cloud cover.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

Monsoon moisture will bring mostly cloudy skies and near to below normal temperatures through the weekend. There is a chance of thunderstorms and showers mainly over higher terrain into the weekend including the Sierra, Coastal, and Northern Mountains surrounding interior northern California.

Hanford Weather:

Central California will be situated between an upper level trough over the eastern Pacific and a ridge of high pressure over the Four Corners region during the next several days. A brief return of monsoonal moisture this weekend could trigger isolated afternoon thunderstorms over the Kern County Mountains and desert Saturday. Otherwise, scattered afternoon thunderstorms will be a daily occurrence along the Sierra Crest today through Sunday. Meanwhile an onshore flow will continue to bring marine air into the San Joaquin Valley.

WEATHER

WEATHER SYNOPSIS BY REGION:

SOUTHERN CALIFORNIA:

Los Angeles Weather:

A weak upper low off the coast and onshore flow will keep daytime temperatures below normal through the weekend. Expect night through morning low clouds and fog in most coastal and valley areas. There will be a slight chance of showers and thunderstorms in the Antelope Valley and the Mountains of Los Angeles and Ventura counties on Saturday. Building high pressure will bring a warming trend next week, with above normal temperatures in most inland areas by midweek.

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

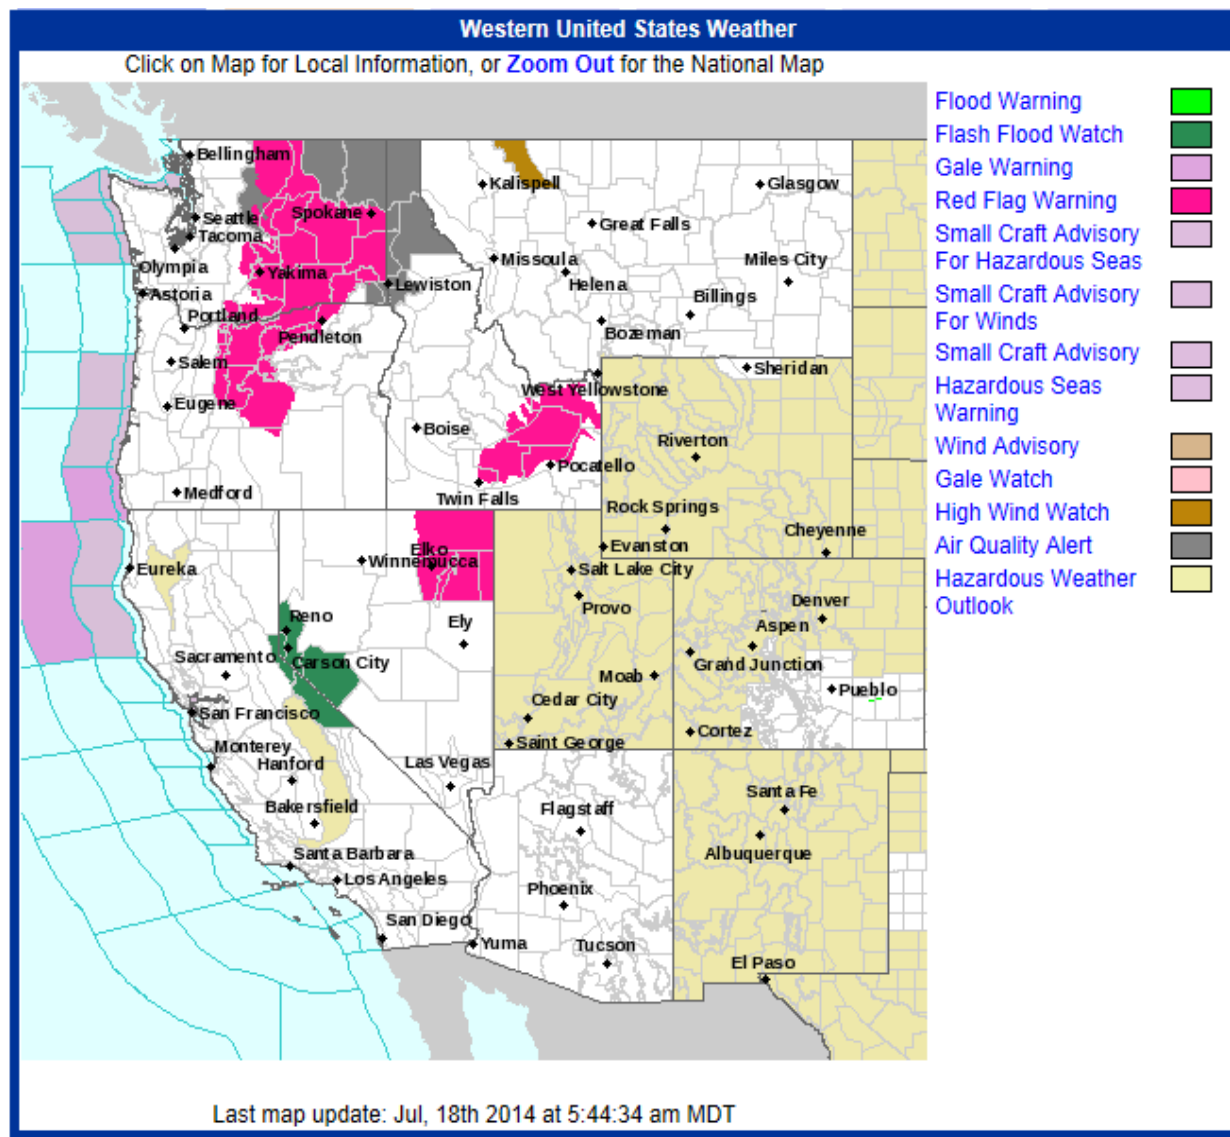

An upper level trough over northern Baja will move toward southern California Friday. This trough may trigger an isolated shower or thunderstorm over the mountains and high deserts Saturday. A deep marine layer will remain in place west of the mountains through the weekend. Much warmer next week as a ridge of high pressure builds over the west. By the middle of next week the high temperatures could be 5 to 10 degrees above average.

Southeast California Weather:

Monsoon moisture will remain limited through the weekend only supporting isolated storm coverage mostly confined to the higher terrain of eastern Arizona. Temperatures will see little change through the weekend remaining near seasonal normals. Better moisture may attempt to return to the forecast area early next week, but strong high pressure is expected to build over the four corners at the same time. The potential exists for a significant warming trend while moisture may be held just outside the area.

FIRE ACTIVITY

Bully Incident, Vegetation Fire, Shasta County (Update)

Fire Information

Old Bully Choop Road, Community of Igo, Shasta County

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of 07/18/14 at 0551 hours:

- SRA
- 11,700 acres, 51% contained
- Structures Threatened: 55 single residences, 13 other minor structures
- Structures Damaged: 1 single residence
- Structures Destroyed: 8 single residences, 10 other minor structures
- Continued threat to structures, residents, and incident personnel due to the hot, dry weather, dry receptive fuels, and difficult topography that limits access.
- CAL FIRE IMT 6 assigned
- Total Personnel: 2375

Resources:

- 4 Local Government Strike Team, 5 water tenders and miscellaneous overhead assigned
- 1 Mobile Interoperability Gateway Unit-3 (MIGU-3)

FIRE ACTIVITY

Bully Incident, Vegetation Fire, Shasta County (Update)

Emergency Management

Evacuations/Shelters:

- All mandatory evacuations have been lifted as of 1800 hours on 07/16/14.
- Resident re-population is complete in the Sunny Hill Road community.

Road Closures:

- Road Closures have been lifted only for residents with proper identification.

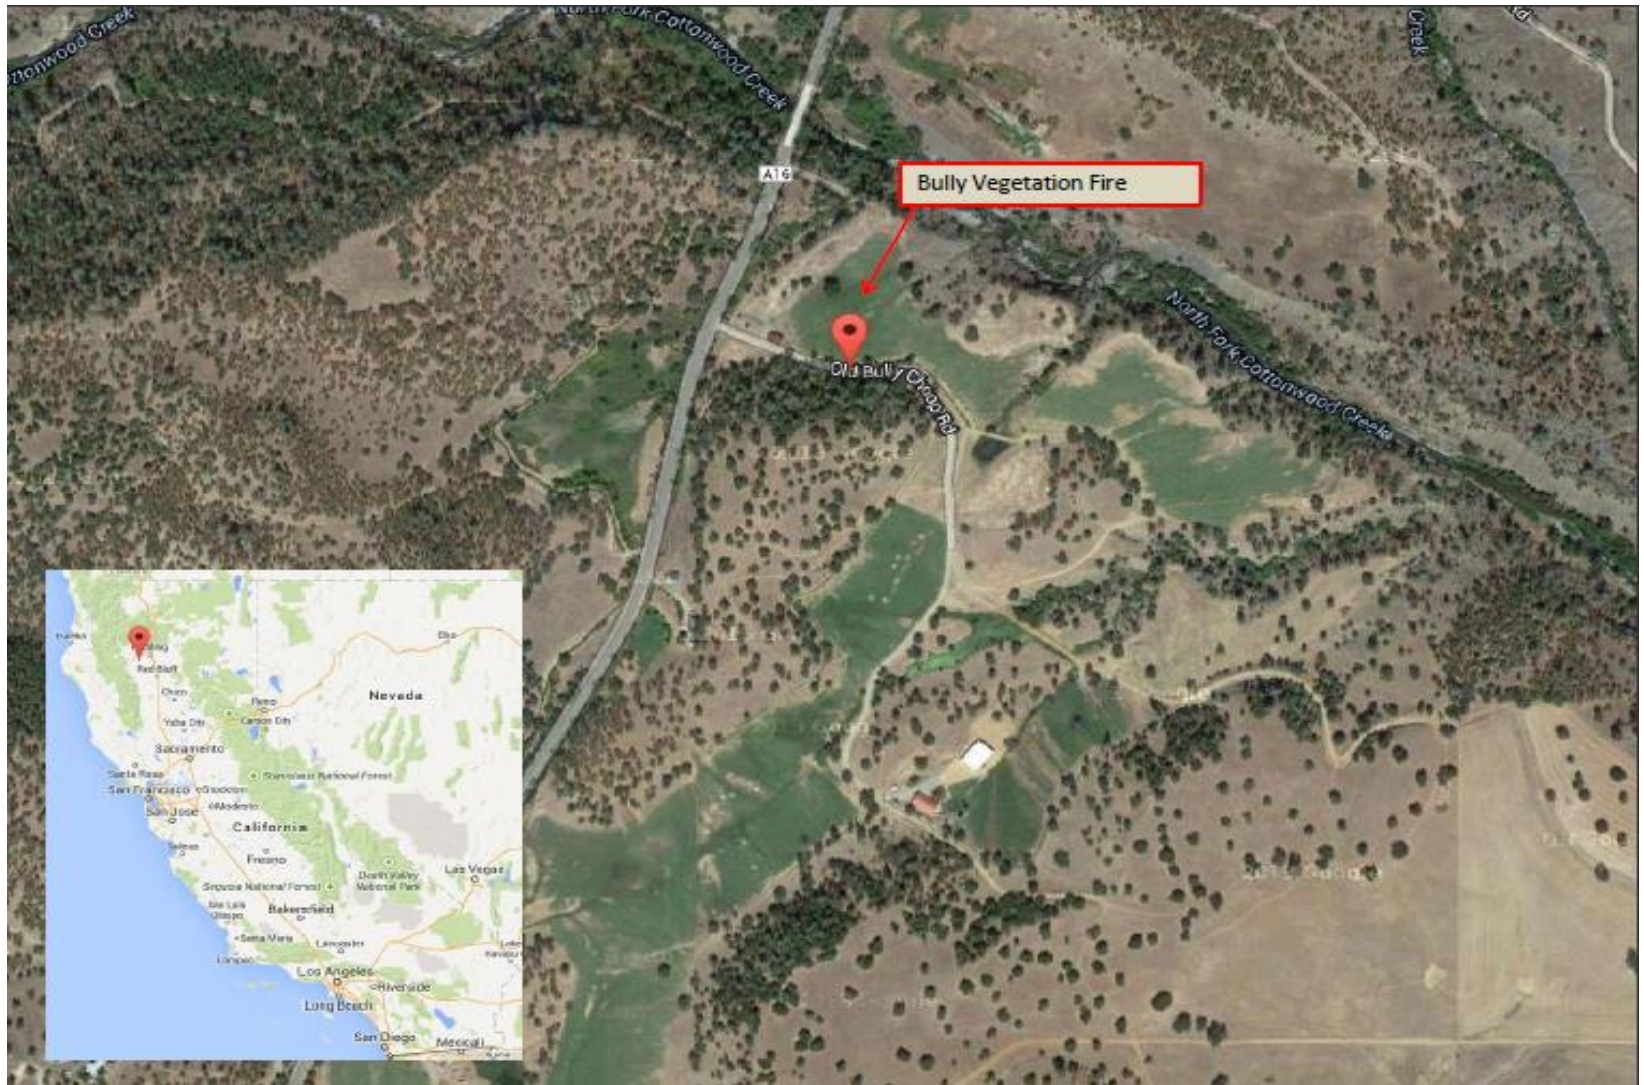

EOC Activations:

- Shasta County EOC activated at Level 1.
- Inland REOC and SOC activated at Level 1 in support of Shasta County EOC.

Deployments:

- A Cal OES Assistant Fire Chief is assigned to the Bully Incident as an Agency Representative.
- Four (4) Public Safety Communications Radio Technicians are assigned to the fire.
- Mobile Interoperability Gateway Unit-3 (MIGU-3) has arrived at the Bully Fire, Helitac Base, Lat 40 27.610 N, Long 122 37.654 W, to provide phones and internet. Two Auxiliary Communications Service (ACS) Staff are supporting the operation through the week. Additional ACS staff for the following week are pending.

CAL OES ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is Monday – Friday, 0800-1700 hours.

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

- On 7/15/14 the State Water Board passed new regulation to reduce out door urban water use. The regulation makes an exception for health and safety circumstances. Local agencies can ask courts to fine water users up to \$500.00 a day and the SWRCB can fine water agencies up to \$10,000.00 per day
- Reservoir Levels (% capacity): Reservoir Levels as of July 17 remain low, including: Don Pedro 47%; Exchequer 23%; Folsom Lake 44%; Lake Oroville 39%; Millerton Lake 57%; New Melones 28%; Pine Flat 23%; San Luis 26%; Lake Shasta 38%; Trinity Lake 39%; Pyramid Lake 92%; and Castaic Lake 46%. An update of water levels at other smaller reservoirs is also available.
 - San Luis Reservoir indicated a drop in capacity level from 29% to 26%.
 - Pine Flat Reservoir indicated a drop in capacity level from 28% to 23%

Situational Summary

On July 15, 2014, CDFA in partnership with U.C. Davis Center for Watershed Sciences released a study titled Economic Analysis of the 2014 Drought for California Agriculture. The study indicates the drought in California is the third most severe on record and is responsible for the greatest water loss ever seen for the state's agriculture, and river water for Central Valley farms has been reduced by roughly one-third, according. Direct costs to agriculture total about \$1.5 billion (which include revenue losses of \$1 billion and \$0.5 billion in additional pumping costs). This net revenue loss is about 3% of the state's total agricultural value

Open Burn Ban in effect across the state: Open burning is now prohibited on 31 million acres of land across the state, due to a burn ban that CAL FIRE has directed each of its unit chiefs to implement. This ban on open burning in state responsibility areas (outside of cities and towns) reduces wildfire danger amidst extremely dry conditions.

The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.

Cal OES continues to gather drought-related costs from state agencies and local governments.

CAL OES MISSIONS

New Cal OES Mission

- **2014-LAW-4072**, Siskiyou County SO is requesting Human Remains Detection Dogs (HRD) Siskiyou County SO have found body parts and are looking for more parts. Recourses requested for Monday 07/21/14. Cal OES LDO is coordinating resources.
- **2014-LAW-4075**, AFRCC reports an ELT sounding in the Los Angeles County area with no specific coordinates available. Civil Air Patrol (CAP) attempting to locate and silence the ELT.

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2014-LAW-4054** Nevada County SO is requesting Human Remains Detection Dogs (HRD) Nevada County SO have found parts of a human skeleton and are looking for more parts. This is a wooded area, elevation approx. 7,000 in the city of Truckee. They would like 4 dogs available for an operation period to begin Friday 7/18/14 at 0600. Cal OES LDO is coordinating resources.
- **2014-LAW-2798**, El Dorado County is planning an in-county SAR exercise on 07/25/14 and 26 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H72, H60 and CH47), hoist training, patient packaging for air evacuation and ground team insertion and extraction training.
- **2014-LAW-2481**, The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2483**, The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.

Cal OES Telecommunications Resources Deployed

San Luis Obispo County SO deploying Mobile Interoperability Gateway Unit -1(MIGU-1) for the County Fair which runs from July 16 thru the 27th to provide internet access and one phone line. In county deployment with no Cal OES personnel.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
